

Team Panoramic Photo

Information and Instructions

1. Make an appointment at our booth for your team photographs. The team panoramic photographs are posed photos taken inside our studio trailer. Players will choose a pose from our selection of poses. Coaches can also be in the photo. Up to 15 individuals can be in the panoramic photo. If you have over 15 individuals there will be an additional \$3.00 per person cost added to the order.
2. Players should bring their equipment. Catchers should bring shin guards, helmet, and mitt. Team should also bring a ball. Posed photographs will take approximately 10 minutes.
3. During the time your team is having their photos taken, a team representative should come to our cashier to proceed in selecting the team panoramic background style, lettering and colors. Once your team decides how many panoramic photos they want to order, please collect the money as a group and bring to our cashier at the time your order is placed. Payment can be made in cash, personal check, credit or debit cards. We have change available.
4. Your team can purchase as many as your team would like (minimum 5). See price breakdown on flyer included in this packet for quantity prices. The more you purchase (up to 15), the less they cost per person. Price includes shipping to one address, but not sales tax.
5. Team panoramic photos are shipped to one address within 4 weeks of the last day of the tournament. The person receiving the order should loosely roll the photos and secure them with a rubber band to distribute to team members.
